

ONPOINT AMBASSADOR PROGRAM

To reward those that support OnPoint we have a program to give back to our “Ambassadors.” The program is very simple – the more customers you refer to OnPoint, the more of a discount you will get when it comes time to tune or dyno your car.

Refer 4 people for tunes, and your tune will be 50% off

Refer 6 people for tunes, and your tune will be free!

We keep track of all of the clients that you have referred, and when it comes time that you want to tune or dyno your car, you will receive the appropriate discount.

How you choose to promote or advertise OnPoint is entirely up to you, but we have stickers and logos available if you would like some for your car, trailer, or toolbox.

So if you’re thinking about getting your car tuned in the near future, start referring your friends to OnPoint early to get that discount!

Please visit: www.onpointdyno.com/?p=3093 for additional details.

The only “fine print” is that a discounted or free tune cannot be redeemed in the month of May. As May is the busiest time of the year we are not able to discount any tunes during that month. So plan ahead, and get your car done early!
